Help us implement our 2016 / 2017 strategies:

Broaden our "womb to tomb" focus.

From middle school to medical school, our educational programs must speak not only to the beginning of life but also the **increasingly complex issues** related to the end of life.

Strengthen our multicultural collaborations.

With the explosive growth of Hispanic residents, plus burgeoning Vietnamese and Filipino communities, and new partnerships with African American churches, the time is now to unify the "People of Life" in North Texas.

Update our brand and polish our message.

The Planned Parenthood machine spends nearly 4 million dollars annually just to "refresh" its brand. In the few short minutes we have to change a mind or capture a heart, our marketing is as critical as our message.
