

Reaching over 3,000 Families

Bishop's Virtual Celebration of Life

The largest pro-life dinner in Texas was transformed into a not-to-be missed virtual event for the whole family! Just weeks prior to the annual Bishop's Pro-Life Dinner, all large, live gatherings in Dallas County and beyond were prohibited due to COVID health concerns.

"While sadly we could not enjoy our annual celebration hosted by Bishop Burns in person, canceling the event was not an option," said CPLC Executive Director, Becky Visosky.

Our community, coming together in a shared commitment to protecting the sacred GIFT of LIFE was critical to our life-saving, life-changing ministries, especially in response to Dallas abortion facilities open throughout the health crisis, taking advantage of moms in need and putting babies at risk.

Challenged to preserve the April celebration, the Bishop's Pro-Life Dinner team worked tirelessly to transition it to a livestream event, complete with a welcome from Bishop Burns, addresses from special guests (including our keynote from Austria!), and an auction. Over 3,200 households tuned in to watch the Celebration of Life on multiple platforms. "We are extremely grateful for the support and generosity our community showed to ensure our mission can continue during this uncertain time," said Visosky. 🙏

A Special Thank You to All Our Virtual Celebration Supporters!
