

# PROTEST THE PILL DAY '10

## THE PILL KILLS THE ENVIRONMENT

Denouncing the U.S. Supreme Court's *Griswold v. Connecticut* decision, which decriminalized poison in the form of a pill.

Interested in GOING GREEN?  
Then protest the birth control pill  
and help save our environment!

Join American Life League in the largest annual  
protest against the birth control pill and similar  
birth control products.

Scientists around the world have discovered that high amounts of estrogen, resulting from use of hormonal contraceptives, are now entering our water and are feminizing male fish!

If fish are being affected by the high estrogen levels now found in streams, and scientists are also concerned about estrogen levels in our cities' drinking water, then...

**How safe is your drinking water?**
