Author of unPLANNED

the dramatic true story of a former Planned Parenthood leader's eye-opening journey across the life line

Retailers Choice Award winner, 2012, published Oct. 2011

Abby Johnson quit her job in October 2009. That simple act became a national news story because Abby was the director of a Planned Parenthood clinic in Texas who, after participating in an actual abortion procedure for the first time, walked down the street to join the Coalition for Life.

Unplanned is a heart-stopping personal drama of life-and-death encounters, a courtroom battle, and spiritual transformation that speaks hope and compassion into the political controversy that surrounds this issue. Telling Abby's story from both sides of the abortion clinic property line, this book is a must-read for anyone who cares about the life versus rights debate and helping women who face crisis pregnancies.

Founder of **And Then There Were None** (www.attwn.org), a non-profit organization that ministers specifically to abortion clinic workers. **And Then There Were None** will emotionally, spiritually, legally, and financially assist former abortion clinic workers as they transition out of the abortion industry and into a new line of work.

There is NO CHARGE for this event. A 'love offering' will be taken to support the outreach efforts of **And Then There Were None**. Due to the content of this talk, it is recommended that elementary age children and younger not attend. For more information, contact prolife06@stgabriel.org.
