ROWLETT-Lakes of Springfield	Oct 17

CELEBRATE LIFE, EVERYDAY

Since 1973, Hike for Life 5K has been a successful family pro-life event. The money raised helps pregnancy resource centers and pro-life groups throughout Texas.

Hike for Life has received over 31,450 donations from individuals to support lifesaving ministries that help moms and babies. Some funds have even gone towards sonogram machines. Did you know that 90% of expectant mothers choose to keep their babies after seeing the baby through the technology of the sonogram?

IT'S ABOUT FAMILY

Join pro-lifers of all ages at your nearest site, bring the family and a friend, or two. Hikes usually start on a Saturday morning with free refreshments and music, with more fun when you are done. Come early and stay as long as you want. Create your team with family, classmates, friends or co-workers; no team is too large or small.

"Thank you for all that you did for me, for giving me peace, for offering your help and not leaving me by myself. When I most needed someone, you were there with me. Without knowing me, you opened the doors of your heart and stretched out your hand. Thank you for the clothes, food, and all of the things I needed for the baby. I am very happy that I did the right thing and continued my pregnancy." -Client of White Rose Women's Center - Hike for Life has consistently been among the highest donors to both White Rose and Birth Choice Pregnancy Resource Centers since their inception.
