

PROTECTING THE UNBORN

PRO-LIFE CLASSROOM ACTIVITY

WHEN THEY SAY.ORG

Protecting the Unborn

WTS Classroom Activity

Instructions

1. On your device, go to the website:
www.whentheysay.org.

2. Click on the button: “Protecting the Unborn.”

3. Search the webpage and find as many reasons as you can why abortion is never ok.

For example: When They Say “it’s just a blob of tissue.” You say: “it’s a baby!”

4. Using the attached Baby Silhouette image and a marker, use the list you make to neatly and creatively write your words and phrases within the lines of the baby picture. See how creative you can be using different sizes, angles, and directions to make your baby a work of art.

5. When your word cloud is complete, cut out the silhouette, write your name on the back, and it will be displayed on our Protecting the Unborn bulletin board.
