Feedback from past TOBET Seminars:

"I learned more, pastorally and intellectually, from a one-hour discussion at a TOBET seminar than in a two-day ethics class!"

"There is a diamond of hope amid the social rubble of the world. TOBET reveals the beauty of the body and how it should be loved and revered, not used. I appreciated the way SSA [same-sex attraction] and transgender issues were addressed. I liked the acceptance of the person, but steadfastness to the faith!"
