What is the Price of Religious Liberty?

Many people of faith today are asking that question, and it is against this backdrop that a movie about the struggle for religious freedom – 4 years in the making – was released this year.

The major motion picture, *For Greater Glory: The True Story of Cristiada*, chronicles the war that left over 90,000 Christian Catholics, sympathizers and federales dead in the fight for life, faith & freedom in Mexico – fewer than 100 years ago. The subsequent effort of the government to erase all traces of the struggle left many questions, and Ruben Quezada is an expert on the persecution of the faithful during that time.

In his fact-filled Official Companion Book, Ruben offers important insight into today's fight for religious freedom at home. Passionate and engaging, his is a timely message for all of us: Catholics, Protestants and Evangelicals and the ongoing struggle to protect our religious freedom, our first, most cherished right.
